PARTS**

TRANSPORT

1

To increase the transport capabilities of your Citroën C5 X, we have selected various accessories, including a roof box and a towbar bike carrier which allow you to transport your equipment in complete safety.

Solid, aesthetic and easy to install, they meet current safety standards and fit perfectly the configuration of your vehicle.

1. Bike carrier on tow bar
2. Roof box

2

TRANSPORT

1. Bike carrier on roof bars
2. Transverse roof bars
3. Hitch ball removable without tools
4. Set of rear mud flaps

1

2

With the dedicated transport accessories, you can take everything you want with you, in complete safety. Whether you need extra space or transport bicycles, we have solutions for all your needs.

4

SAFETY

Keep calm on all your journeys by increasing the vehicle's protection with the anti-intrusion alarm. And for the children, the ISOFIX approved seats designed to fit children's body shapes guarantee safe journeys.

1. Anti-intrusion Alarm
2. Charging station with charging cable

To facilitate your daily electrical charging, you can choose between a home charging unit or a wallbox (several power outputs available). We also offer a universal charger and a cable bag for your travels.
